

CRAZY by NATURE

COSMO RED

GISBORNE 2012

NEW ZEALAND WINE

MADE FROM CERTIFIED ORGANIC GRAPES

An eclectic marriage of three special mouth-watering grape varieties; Malbec, Syrah and Viognier, which grow well in our vineyards, producing a wine showing notes of bitter chocolate and booze-soaked maraschino cherries, with just a hint of spicy cigar box.

“In 1984 they thought we were crazy to grow our grapes organically. We’ve spent the last thirty years proving that they were right! Now, it seems everybody wants to be crazy, and that’s just what this planet needs. Crazy by Nature – makes perfect sense.”

James Millton has crafted this unique blend of red wine for the enjoyment of many people. An eclectic marriage of three special mouth-watering grape varieties that grow well in our vineyards, producing a wine showing notes of bitter chocolate and booze-soaked maraschino cherries, and eucalyptic hints within a spicy cigar box.

It is a delicious red wine looking for a good time, with enough texture and chewy tannin to enjoy with venison, roast beef or pink roasted lamb back straps.

All you need is a couple of glasses, several friends and a warm place to sit and wonder. Oh, and keep another bottle handy!

Grown biodynamically using special herbal, mineral and animal preparations and with compassion for the laws of nature. We have not used any herbicide, insecticide, systemic fungicide or soluble fertilizer to produce these grapes nor any foreign yeasts or bacteria’s to ferment the grape juice. This wine was aged in American oak barrels for 11 months.

We used egg whites from our own chooks to assist with the clarification of this wine resulting in a wine which can be enjoyed in moderation by vegetarians as well. Bottled on the property, without filtration, with time a harmless deposit may form.

Drink between 2013 – 2018.

Wine from Certified Organic and Biodynamic Grapes.
