

In 2014, we have again embraced a traditional treasure, taking inspiration from the Moscato d'Asti of Italy. Intensely perfumed and quite exotic, this tantalizing wine delights the senses with tropical fruit and the first blossoms of spring as we step from antiquity into the modern era...

In the 19th Century, if someone stole your wife, girlfriend or a couple of your sheep you would challenge them to a duel, at dawn. Now in the 21st century the @ symbol represents the keystroke that enables immediate faceless communication with friend or foe, anywhere in the world while still remaining smiling. And those who desire a Summer holiday far from the maddening crowds will come to realise that, having endured the long highway to the secluded beaches of Gisborne, allows the unique opportunity to view the dawn of each new day well before anyone else. Literally, on the front porch of New Zealand.

In 2014 we have again embraced a traditional treasure, taking inspiration from the Moscato d'Asti of Italy.

Winemaker Notes:

Intensely perfumed and quite exotic, this tantalizing wine delights the senses with tropical fruit and the first blossoms of spring as we step from antiquity into the modern era...

It has a soft, semi sweet, full and tingling flavor like fairy dust and white roses, on a moonlit evening. You can taste this for hours. The quintessential summer wine just to drink and reflect, with friends. Serve well chilled.
